Office Memorandum • UNITED STATES GOVERNMENT

TO : Chief, Plans and Policy Staff

DATE: 14 March 1956

FROM : Chief, Assessment and Evaluation Staff

SUBJECT: Weekly Report #11
Assessment and Evaluation Staff
7 - 13 March 1956

I. SIGNIFICANT ITEMS. None.

II. OTHER ACTIVITIES.

A. Office of the Chief.

1. The effort continues to coordinate Government testing programs, specifically those of CIA, NSA, and FSI. NSA is definitely favorable to the idea. A decision cannot be obtained from FSI for a matter of weeks because of the absence of the chief. NSA and CIA representatives are going ahead to prepare their plans, regardless of FSI's ultimate decision. A request for approval in principle by Security of the idea has been forwarded. Informal reaction to this has thus far been favorable.

2. A meeting was held with representatives of the Personnel Procurement Division, Office of Personnel, to discuss the A & E program.

B. Training Evaluation Branch.

1. [] met with Chief/IS to review training evaluation problems in Intelligence School courses.

2. [] Consultant, worked with members of the Branch (12 and 13 March) in developing materials for use in the Counterespionage and Conference Leadership Courses.
